## SCHOOL NOTES

We regret the departure at the end of last quarter of Mr. Chignell, Major Fletcher and Mr. Nobbs.

We congratulate Mr. and Mrs. Glasgow on the birth of a son, and Major and Mrs. Morris on the birth of a daughter.

We regret that at last, after fifty-six years' service, Veale has left Charterhouse. He has been running Crown since 1914, with the valuable assistance of his wife, and was even before that in charge of Stationery. The connection of his family with the School is a very close one, as his father served at Old Charterhouse and here for fifty-two years.

National Service has been reorganized this quarter and returned to a voluntary basis.

Since A. S. Lovett began collecting in Robinites, in the summer of 1941, for the Red Cross and St. John Penny-a-Week Fund (now closed), the sum of £477 13s.11d., subscribed by various houses, has been forwarded by successive Robinite head monitors.

The following left the School last quarter :—

## SCHOOL SOCIETIES AND ENTERTAINMENTS

## HOUSE SINGING

This competition produced a really good concert, and the judge Mr. Topliss Green, was genuinely surprised and pleased. It was refreshingly free from breakdown, and even the altos, so rarely to be found in house choirs, came out nobly, one choir producing a large one, though few spotted him. The prize went to Verites, Robinites and Weekites, according to the custom of allotting it to three houses. But we imagine the judge must have had a hard task in discriminating these among so many good choirs.

## HOUSE INSTRUMENTAL COMPETITION

This produced a high standard of performance, particularly on the part of the various house bands, and Mr. Draper should be very pleased with the results of his hard work.

The prize went to Hodgsonites, largely on account of a fine mature performance of the Schubert Piano and Violin Sonata by McLelland and Ilbert. This, as the judge said, was an outstanding performance; but the piano-playing of Harris and the performance of the band were very strong contributory factors. Of all the bands, Girdlestoneites stood out well, and the judge especially said that their position at the bottom of the list was only due to their putting on two items instead of three—the result of a misunderstanding. The judge, who had some very pleasant things to say, was Mr. John Fry.

## MUSEUM

The 50th anniversary of the opening of Museum in 1891 passed, not unnaturally, unnoticed in war-time: nor is there space yet in *The Carthusian* for any adequate account of its present contents or tribute to the foresight and devotion of its two founders, G. S. Davies and O. H. Latter. A few recent changes should not, however, pass unrecorded.

At the end of 1939 a grant from the Carthusian Society enabled the Cloister at the West end to be enclosed, providing a much-needed workroom for the Curator and storage-space
